

# Product Update

Dear Customer,

In our continued efforts to maintain a sustainable and viable product portfolio, Apotex has made the decision to divest Apo-Folic 5 mg Tabs to AA Pharma Inc. As of January 15, 2019, all orders for this product should be directed to AA Pharma who will supply this product through all major wholesalers. This product will be distributed under the AA Pharma label.

This decision will help focus our efforts to support our growing product portfolio, launching more high value, high volume generic products and enabling more cost savings to the Healthcare System. In the last 12 months Apotex has introduced 23 new products, adding to our broad portfolio of products within the Canadian pharmaceutical market.

Please find the product information below for the product that has been acquired by AA Pharma Inc. Should you have any questions about this product, please contact your Apotex representative or AA Pharma directly at 1-877-212-3513.

We will make every effort to have this transition as seamless as possible. As always, we thank you for your support and we appreciate being your partner.
