Distributed by:

Teva Canada Limited, Toronto, Canada

July 24, 2020

Dear Wholesalers & Distribution Chain Centres:

Teva Canada Limited is voluntarily recalling **TEVA-TRIAMTERENE / HCTZ 50/25MG TABLETS**, with the lot number noted above.

The voluntary recall is occurring because the product lot did not meet stability specification for potency.

Teva Canada is proceeding with a **Type III** recall of the lot number noted above to the **Retail Level** with the knowledge of Health Canada.

Please examine your inventory and determine if you have any remaining stock with the lot number noted above. If you have distributed product to another wholesaler, distribution center or retailer, please notify them to cease distribution and to return the product

If you ordered product direct from Teva Canada, you will be provided a recall package that includes a returns form. **Please return all products to your point of purchase.** Your account will receive a credit for all returns. If you have any specific questions regarding the recall process, please contact Teva Canada Customer Care at 1-800-268-4129.

Teva Canada would like to thank you for your understanding and continued support.

Teva Canada Limited
