pms-TERIFLUNOMIDE 14 mg	Blister pack of 30 tablets	02500434	5760611015

pms-TERIFLUNOMIDE (teriflunomide) is indicated for monotherapy for the treatment of patients with relapsing remitting multiple sclerosis (RRMS) to reduce the frequency of clinical exacerbations and to delay the accumulation of physical disability.¹

pms-TERIFLUNOMIDE should only be prescribed by clinicians who are experienced in the diagnosis and management of multiple sclerosis.¹

DIN: Drug Identification Number; SKU: stock-keeping unit
AUBAGIO® is a registered trademark of Sanofi Genzyme, Inc.

Pharmascience is proud to support patients with multiple sclerosis

Our portfolio in multiple sclerosis

The Ally Patient Support Program

KEY PROGRAM FEATURES:

FAST FINANCIAL ASSISTANCE* *Restrictions may apply

Support for access to treatment when starting on pms-TERIFLUNOMIDE for eligible patients. Electronic coverage via the new online portal is efficient and speeds up the payment process.

REIMBURSEMENT SUPPORT FOR PATIENTS NEW TO pms-TERIFLUNOMIDE

The **Ally Program** helps patients navigate coverage with their payer.

A SIMPLE ENROLMENT PROCESS

BY EMAIL OR FAX

OR

ON THE ALLY CARE ONLINE PORTAL

- 1 Fill out the enrolment form and have it signed by the patient.
- 2 Send the form to the PSP via **email or fax**.

Fill out the enrolment form on the **new Ally Care online portal** at www.pharmascience.com/canada/patient-support-program/. Further steps will be fully managed by the patient support program once patient is enrolled.

PSP: Patient support program

In the province of Quebec, reimbursement and financial support services no longer apply to medications since the adoption of Bill 92 which prohibits any type of patient support service.
